

TAKE A VIEWING WITH OUR NEW WEB SITE

Hello, and thanks for visiting our updated website for TriGate, the landmark office building that is providing city centre standard accommodation at non city centre rental prices, with easy access into Birmingham and onto the Midlands motorway network.

Our improved site has a number of new features, to show you all the benefits that TriGate has to offer. These include a 360 degree tour of the interior and exterior of the building – take a look at the stunning new reception area on the ground floor, explore one of the refurbished suites and visit the upgraded carpark at the rear. We also have a new e-brochure, detailing every aspect of the high-quality accommodation (hard copies also available).

Five new tenants have already moved in this year, including one who renewed three leases and took extra space. ThyssenKrupp Elevator UK Limited, Ashcourt Asset Management Ltd, Health Links Events Ltd, Cattles, and Provident Financial Management Services were all attracted by TriGate's improved specification, and location.

Come see for yourself what brought them here.....
